Description of Property and Eligibility Determination (Use continuation sheet if necessary and attach map and photo)

The Adams House is a 2-1/2 story frame dwelling with a nodding gable roof and a chimney. The building has been completely surrounded by overgrown trees, in addition to the contemporary commercial and business development that has engulfed the former village of Marble Hill. While the house retains integrity, its setting, location, feeling and association have been eroded through the ongoing Hunt Valley development. As a result, the Adams House is not eligible for inclusion in the National Register of Historic Places under Criterion C, nor has any information been developed to demonstrate eligibility under Criteria A or B. No information was developed regarding Criterion D.
